

Our Reach

We partner with churches, schools, non-profits and other organizations to serve our diverse community.

We seek out ways to connect with community outreach initiatives that holistically support and strengthen individuals in North Alabama.

Since 2017, Intentional Faith has helped over 100 individuals in our community to connect with meaningful opportunities for their professional, personal and spiritual development to help them discover their God-given potential.

Together

By equipping, mentoring and providing hope in Jesus' name, we come alongside individuals to help them realize their purpose in God's kingdom.
Walk with us.

Discovering Purpose

Walk with us.

Intentional Faith is a 501(c)(3) organization.

INTENTIONAL FAITH

Our Story

God ordained a plan. He began orchestrating the mission of Intentional Faith in July 2017. First and foremost, our mission is to share the love of Christ and to glorify God in everything we do.

We seek to help those we serve discover their God-given potential. We do this by providing transformational job opportunities through our corporate partners and mentorship through intentional relationships.

IF connects individuals with great opportunities for job skills, personal, professional and spiritual development that promote Christ-honoring abundant life—life that truly reflects all that God intends for us.

IF also provides relief for immediate personal needs and professional assistance to support start-ups for non-profit and for-profit businesses.

God is progressing His plan through Intentional Faith.
